

Bay Area Rehabilitation Center wins when you choose Bates Collision Centers for collision repairs.

Through their Give Back Program, Bates will donate 3% of each referred repair to Bay Area Rehabilitation Center. And as you can see, 3% adds up fast. \$2500 = \$75, \$5000 = \$150, \$7500 = \$225, 10,000 = \$300. There is no limit!

Bates' Give Back Program reflects one of their most important core values: making a positive impact on the community & the people who live in them.

Lee Bates, co-owner of Bates Collision Centers shares the inspiration behind this new program. "This community has been very good to us and making a positive impact on the lives of the people that live here has always been very important to us. We've demonstrated that commitment for the past 25 years through sponsorships, scholarships, and many other outreach initiatives. Our Give Back Program just expands our ability to enrich the lives of everyone we touch: our customers, employees, families and friends. Because being a business member of this community means making a positive impact on it, not just taking from it."

It's simple, just print this document, and bring in one of the Donation Certificates when you leave your vehicle for repairs and when it's complete, a check for 3% of the repair will be sent directly to Bay Area Rehabilitation Center, in the customer's name. It is an easy to manage fundraising program that requires minimal effort, compared to the many work intensive fundraisers out there. We are pleased to announce that we are enrolled in this program and hope you will help us raise much needed funds by using Bates Collision Centers for your vehicle repair needs and referring your family and friends, too. For additional information on the program please visit www.BatesCC.com.
